

RADIATION SAFETY OFFICER (RSO)

**Get Recognized.
Take charge!**

**Greater career
opportunities!**

**This course is
your first step
to becoming a
Radiation
Safety Officer.**

This five-day (40 hours) course is a skills development and professional upgrading course for personnel with industrial radiography experience. It is designed for the new or newly appointed RSO in charge of an Industrial Radiography Radiation Safety Program. Course participants will learn how to develop and maintain a Radiation Protection Program, including specifics related to the life cycle of CNSC licences and incident response.

What's Involved and What do I Receive?

- World-class teaching and knowledge from our instructors who are recognized experts in their respective disciplines with extensive industrial hands-on experience as well as academic capabilities.
- An opportunity to network with industry professionals.
- Upon successful completion of the course the participant will receive a Certificate and an Examination Transcript (a minimum passing grade of 70% for each of the examination parts, general & specific, along with full attendance is required).
- There is no practical or lab component to this course.
- A detailed workbook will be provided to each participant.
- Current QCC members receive a 10% discount on course fees.

INTEG training courses meet the requirements CNSC training curricula.

A training manual(s) will be provided to participant, daily material will be supplemented by evening assignments and daily tests. This will allow both the participant and instructor to monitor progress and prepare for the final closed book examination held on the final afternoon of the course.

The following topics are covered

- Basic atomic physics
- Radiation basics
- Interaction of radiation with matter
- Radiation units
- Radiation detection and measurement
- Biological effects of radiation
- Controlling radiation exposure
- Setting up & maintaining a record-keeping system
- Basic incident investigation
- Basic audit skills
- Regulatory responsibilities

Course Entry Pre-Requisites

- Students must be at least 18 years old
- Students must hold a valid CEDO or QO certificate (Please provide copy of certificate with course registration)

Safety footwear is required for practical sessions. All other personal protective equipment is provided by INTEG.
